

## eVault User Privileges

This supplementary guide goes over the <u>user privileges</u> definitions for the eVault.

For the full User set-up guide, please visit our Product Training Page.

## eVault User Privileges

**eVault** grants the user access to the eVault solution. This box must be checked before any of the other ones.

🛠 DocMagic	.utions services compliance support company ${f Q}$	REQUEST A DEMO
	eSign Console	
	eSign Console Admin	
	O eSign - Loan Originator

	eVault	
	eVault Administrator	
	eVault Reviewer	
	eVault Contributor	
	SmartREGISTRY	
	DØLL	

eVault Administrator grants the user authority to add and manage all documents in the eVault. *Please note that if the Administrator box is checked for a user, it will override the Review and Contributor options.* 

## eVault User Privileges

eVault Reviewer grants the user authority to view all documents in the eVault.
